

Our 2016 Lap4Life event was a huge success. Over 1500 people attended our event which included a 4 mile Walk/Run; kids race; and Community Health Fair. The feedback was overwhelmingly positive and it was covered by local press and cable television. This event would not be possible without the support of our sponsors.

Lap4Life is bringing together outstanding people and resources in pursuit of an ambitious goal: to gain new insights into the research of desmoids tumors and raise awareness for the need of organ donation. Today, more than ever, we rely on the generosity of friends who recognize the importance of the mission and share our commitment to moving it forward.

100% of money raised through donations goes directly to our causes, the Desmoid Tumor Research Foundation and LiveOnNY formerly the NY Organ Donor Network. Our 2016 event enabled us to donate \$59,000 to our causes.

We hope you can support our cause and give those who are battling these rare illnesses hope. We invite you to attend the 9<sup>th</sup> Annual Lap4Life event which will be held on June 17, 2017 at Chadwick Lake in Newburgh, NY.

Thank you !
